

Hi!

Thanks for your interest in exhibiting your artwork in the Meltdown Gallery! Meltdown is a great place to exhibit your artwork as the majority of our customers are industry professionals and/or art enthusiasts.

We do not have a set selection process, we simply choose to show what will work best with the store's atmosphere and what we think our customer's will appreciate. You should also know that our selection is not limited to original artwork, we are also open to collections and group shows. We are not a traditional gallery, please do not send in any slides. The best way for us to look at your work is by sending us jpgs that are formatted for a mac and a pc, please submit to : staff@meltcomics.com and list "Gallery" as your subject content.
